

## MORE SOLDIERS

Needed in the Philippines to Conquer the Insurgents,

ACCORDING TO DR. McQUESTEN,

Who has Lately Returned From Manila—Says the Peace Commission was a Failure—Our Officers and Troops Have Accomplished Wonders—Absurd Anti-Expansion Story.

SAN FRANCISCO, June 21.—Dr. Charles A. McQuesten, who was on the staff of General E. S. Otis and who was health officer at Manila, has returned home inviolated by the climate.

Captain McQuesten made a close study of the conditions of the Philippine situation. He is of the opinion that it will take from 100,000 to 150,000 soldiers to properly subdue and hold the islands. He also says that the peace commission was an absolute failure, and that its work from the start was without effect. He strongly supports the military government of the islands, except that he thinks more men will be necessary than has been estimated.

Dr. Schurman knows that the commission is a failure and is coming home in July, added Captain McQuesten. "Unless troops, thousands of them, are sent to the aid of our men there they will be driven back into Manila in the course of the next few months, during the rainy season. Our men simply cannot stand the climate. Fifty per cent of them will be incapacitated by sickness and the territory overrun will have to be abandoned and Manila will be in a state of siege again.

"Our officers and soldiers have accomplished wonders and have proved themselves the best soldiers in the world. But nothing decisive has come of it because our men were not in great enough force.

"One of the great dangers that our men have to face is the climate. The newcomers will be at a disadvantage because the volunteers who are returning home are inured to the climate. This will make more men necessary than we would otherwise have to put in the field. As a matter of belief the Filipinos think they have the Americans licked already."

### An Anti-Expansion Story.

WASHINGTON, D. C., June 21.—Published allegations that the mails sent homeward by Nebraskan and other volunteers in the Philippines had been censored at Manila have brought out an official denial by Director of Posts Valle, at Manila. Director Valle says: "It is not necessary to assure you that I am not risking my personal liberty by allowing any letters to be tampered with, and it will be useless to assure the originator of this absurd story of censorship of the mails that he is mistaken, because he knows that the story was manufactured for political reasons."

### OVENSILME'S REPORT

Of the Operations of the Second Brigade in the Philippines.

WASHINGTON, D. C., June 21.—Brigadier General Samuel Owensilme, commanding the Second brigade, first division of the army in the Philippines, has reported upon the action of the command in the first fight with the Filipinos. There was some very brisk fighting done by his brigade. The insurgents were shelled by the Sixth artillery, also by the Monadnock, from the bay and after the heavy firing Captain Murphy with a detachment of the Fourteenth Infantry, did excellent service in driving the Filipinos from a strong position. General Owensilme says that Major Frank White, with a battalion of the First North Dakota, left the trenches and made a gallant and effective charge on the insurgents concealed in thickets in front of his position. In conclusion, General Owensilme says:

"I wish to call particular attention to the report of Captain Murphy, Fourteenth Infantry, and to particularly commend his services and the service of those under him. It was with Captain Murphy's battalion that the gallant Lieutenant James Mitchell, Fourteenth United States Infantry, lost his life.

"All troops under my command were in excellent discipline and readily handled—being being stopped at command in several instances.

"I wish to commend the services of Major George H. Penrose, United States Volunteers; Brigadier Surgeon, Captain W. H. Sage, Twenty-third United States Infantry; Acting Assistant Adjutant General Captain C. H. Krauthoff, commissary, United States Volunteers, and First Lieutenant F. W. Hunt, First Idaho Infantry, United States Volunteers; Brigadier Quartermaster for valuable aid all through the engagement. Lieutenant Hunt rendered excellent service under fire. Much responsibility rested on Captain Sage and he met the requirements of his position.

"I commend particularly to superior authority the gallant conduct under fire of Second Lieutenant M. C. Kerth, Twenty-third United States Infantry, aide de camp. He twice placed himself in charges in advanced and dangerous positions, setting a splendid example to the men, and his services as an aide were most valuable.

"On the field Second Lieutenant W. D. Connor, corps of engineers, United States Army, reported to me and volunteered his services as aide. His services were most acceptable and valuable and he did gallant duty under fire.

"Second Lieutenant A. S. Fleming, Sixth United States Artillery, with his guns and detachment did excellent service.

### Homestead Decision.

WASHINGTON, D. C., June 21.—Commissioner Hermann, of the general land office in a contest involving a homestead entry, has decided that an administrator of a deceased entryman is without authority under the homestead laws to relinquish the entry of the decedent, whether authorized to do so by

the local courts or not. In former years the practice has been to allow an administrator to execute a relinquishment of a homestead where he acted under the direction of a probate court, having jurisdiction to direct him and where there was evidence that there was no widow, devise or heir capable of succeeding to the entry.

### The Patterson's Cruise.

SAN FRANCISCO, June 21.—The coast and geodetic survey steamer Patterson has sailed for St. Michael to make a survey of that portion of Bering sea on the route to the Alaskan gold fields. A year ago systematic work was begun in this region. This year the seaward approaches of the Yukon are to be developed in connection with parties in small boats continuing the tracings of the delta channels and their devious ways through the great bank to the deep water of the sea. The new gold fields at Cape Nome and the older field at Golofin bay can be approached only with danger from the uncertainties of the chart. The Patterson's cruise will include these places, with general work in the more open water of the sea.

### The Clean up at Dawson.

SAN FRANCISCO, June 21.—A letter from Dawson dated May 26, says the clean-up for the present season will amount to at least \$18,000,000, more than twice last year's field. The increase is due to the fact that Dominion, Sulphur and Hunker creeks, which were practically unworked last season, have been developed to a considerable extent, with favorable results, and the bench claims on Eldorado, Bonanza, Hunker and Dominion have been worked to such an extent that their output will greatly increase the total production. The portion of Dawson which was destroyed by fire April 25, is rapidly being rebuilt.

### The Prominence of Water at Social Functions.

Bonfort's, the leading American wine journal, says: The popularity of Apollinaris apparently has no limits. It is to be had in practically all parts of the world; and here, as in England, at every social function "The Queen of Table Waters" is brought into evidence. The menus of the Assembly balls, given at the Waldorf-Astoria; the Metropolitan Club dance, at Sherry's, as well as the Vanderbilt and Astor balls, and the various large banquets of this winter and spring, establish the preeminence of Apollinaris. While the viands and wines vary, there is one uniform feature about the menus of these social functions, the presence thereof of Apollinaris.

As these menus are of interest in other respects, they have from time to time been reprinted here, but the following recent ones are no less worthy of notice.

Dinner to President McKinley, at the United League Club, Philadelphia, April 27, 1890:

Blue Point. Apollinaris. Consomme Printanier. Madeira. Delaware Shade, Roe Sauce. Cucumbers. Breast of Chicken a la Perigord. Rib of Spring Lamb, Mint Sauce. Fresh Green Peas and Bermuda Potatoes. Punch. Cigarettes. Terrapin a la Union League. Asparagus Tips, French Dressing. Roquefort and Camembert. Strawberries. Ices. Coffee. Cigars.

Dinner to Senator Frye, at the Waldorf-Astoria, April 26, given by the commercial bodies of New York City, at which there were nearly six hundred diners:

Huitres. Chateau Cereus. Gombo Printanier. Amontillado Pasado. Creme a l'Oseille. Radis. Cress. Amandes Salces. Truite de Riviere, Sauce au Bleu. Liebraumlich. Pommes Persillade. Salade de Concombre. St. Emilion. Coquilles des Gourmets. Mignons d'Agnieu du Printemps, Sauce Colbert. Pommes Frittes. Tomates Farcies aux piments. Champagne. Asperges Nouvelles, Sauce Hollandaise. Sorbet de Fruits. Pavloir roti. Salade de Laitue. Entremets de Douceur. Glace Assorties. Petits Fours. Apollinaris. Cafe.

### PARIS EXPOSITION.

Arrangements Made for Exhibit of United States.

NEW YORK, June 21.—Ferdinand W. Peck, United States commissioner general to the Paris Exposition, left today for Chicago. He was accompanied by Charles A. Coolidge, the American architect to the Exposition commission.

Commissioner General Peck expects to visit Denver in the near future to consult with the mining men of the west in regard to the mining display at the Paris Exposition.

F. J. V. Skiff, director in chief of expositions to the United States commission, and John Gott, superintendent of decorations to the commission, sailed for Paris today on the American liner New York. They go to Paris to confer with the French authorities in regard to the United States exhibits and will be absent about a month.

Mr. Gott, under the direction of Commissioner General Peck, will submit to the French Exposition commissioners the designs and plans for the facades, screens, pavilions and various enclosures for the various United States groups, to be situated in the Champs de Mars, Place des Invalides and various annexes.

Howard J. Rogers, director of education and social economy to the United States commission, will visit California early in July as the guest of the commissioners of that state to the Paris Exposition. Mr. Rogers will address the National Educational Association in Los Angeles, July 12, on the Paris Exposition, and will also deliver addresses on the same subject in San Francisco, Salt Lake City and Omaha during July.

Commissioner General Peck has appointed H. C. Pearson, of New York, honorary expert on India rubber to the United States commission. Mr. Pearson will organize the American manufacturers of India rubber for the purpose of forming a collective exhibit for the Paris Exposition. The commissioner general has also appointed Mr. Wittke, expert on heating and ventilating apparatus, to the United States commission, and the manufacturers of this industry will also be organized, with the view of making a collective exhibit. Both of these experts are assigned to the United States department of varied industries, which is in charge of Director M. H. Hulbert.

MADE IN A METAL POLISH, A WINDOW POLISH, AND DOES THE WORK OF AN SCOURING BOARD.

## A FEW WILL CONVINCE!

Can be Sure You Are on the Right Track.

A Feeling of Security That any Person Can Be Very Thankful to Have.

There is a feeling of security in using Kid-ne-olds. A few doses will convince you that you are on the right track. They act quickly and pleasantly; they are not at all bad to take and are conveniently put up in wooden boxes so that you can carry them in your pocket and use them while at work. You do not have to stop work while using Kid-ne-olds. They have done a great deal of good for a vast number of people here in Wheeling. We have given the names and addresses of these people from time to time, and again refer you to Mrs. C. Kraus, No. 127 Main street, who has used Kid-ne-olds with good results, and says: "I was a sufferer from disordered kidneys for about six years, at times I would have such a severe pain across the small of my back and in my right side that I could not get about or attend to my household duties. The doctors said that I had pleurisy, but it seemed that nothing they could give me would cure it and I tried several different kinds of medicine but nothing ever did me any good until I got some of Morrow's Kid-ne-olds, which I had noticed advertised at Charles R. Goetz's drug store, and he guaranteed them to cure or refund the money. After I had taken Kid-ne-olds for a few days I was entirely relieved and have not suffered any since; I believe they have entirely cured me and I can recommend them to anyone suffering as I was."

Do you want more proof of the efficiency of this preparation? If so watch the papers and you will find many others from this city repeating the same experience. Morrow's Kid-ne-olds are sold at Yellow Tablets, which is the most scientific way of putting up medicine. They sell at 50 cents per box at Charles R. Goetz's drug store. Descriptive booklet mailed upon request by John Morrow & Co., Chemists, Springfield, Ohio.

### WANT HIS MONEY.

Two Parties Fighting for the Wealth of a Young Man.

NEW YORK, June 21.—For a short time last night Mr. and Mrs. Charles H. Duhme, for whose arrest the chief of police at Detroit, Mich., had telegraphed, were under arrest at police headquarters while they were questioned about the alleged abduction of Moses Fowler Chase, the boy who is heir to about \$600,000, his grandfather's estate. Mr. and Mrs. Duhme were brought down from the Waldorf-Astoria to tell their story. When they had done so they were allowed to go. Moses Fowler Chase is twenty-one years old, according to the story of the Duhmes, who are uncle and aunt to the heir, the father is a man without money who wants to get possession of the estate of the boy. The father is said to have brought suit in the probate court at Hamilton, Ohio, to have the boy declared insane, but the heir was declared to be of sound mind. The Duhmes then took the boy away.

The boy, according to Captain McCusky, said that he desired to remain with his uncle and aunt. He declared that they had not the slightest intention of kidnapping him, as he remained with them voluntarily, by preference. He said his father had deceived him on various occasions, and had never informed him that he was heir to his grandfather's estate. He said he has no doubt that his father intends to deprive him of his property, and intends to have him adjudged insane.

Chase says that while playing golf he suffered a sun stroke which affected his mind for a while, but that he is completely recovered. Mr. Duhme denied that he intended to sail for Europe to-day, as alleged in a dispatch sent to the police from Detroit. He declared he and his wife had no intention of going abroad, but intended to go to Boland, Maine, with Chase. He added that as affairs had taken this unexpected turn they would remain in the city a day or two longer to await developments. He expressed a determination to fight the case out to the end.

### Serious Hotel Fire.

OSWEGO, N. Y., June 21.—The Eagle Hotel, in this city, was destroyed by fire at 5 o'clock this morning. Mrs. Ansel King, an old lady, whose home is in New Haven, this county, lost her life by suffocation, and several others were seriously injured. The fire started in the kitchen and spread quickly. Several persons, including the proprietor and his wife, jumped from the windows on the second floor. The building was a frame structure, two stories high, and was not valuable. Mrs. King slept in a front room and was dead when discovered.

Following is a list of the injured: Alfred Johnson, face and hands burned. Mrs. James Doyle, wife of the proprietor, face and breast burned. James Doyle, Miss Cora Doyle, James Bachman and Thomas Gallagher, of Oswego; J. J. Salladin, of Syracuse; Mrs. Ida Haines, Serbia, face and hands blistered.

### Recent Tuberculosis Congress.

WASHINGTON, June 21.—Prof. E. A. Deschweinitz, who attended the international tuberculosis congress at Berlin as a delegate from the United States, reports briefly to the state department that the special object for which the congress was called, namely, arousing interest in the erection of sanitariums for the poor, and especially for the working classes, will be greatly advanced. According to the present German laws, each laborer and employer of laborer, is required to pay a very small tax, which is utilized in taking care of the tuberculous poor. Prof. Deschweinitz thinks that many practical results will follow the work of this congress. Dr. Boyd, of the United States navy, was the other delegate from the United States, and a most interesting report is expected from him. The official delegates from the United States were very cordially received and entertained.

HUNDREDS of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures cough, heals burns, cuts, wounds of every sort.

### A RARE OPPORTUNITY.

To Secure a Complete Set of Encyclopedia Britannica.

Frank Stanton is offering the public a fine chance to secure the Encyclopedia Britannica, complete in thirty super-octavo volumes. This includes the recent supplement of five volumes of particular interest to Americans.

For a short time this standard work is offered at 50 per cent less than it was sold by a leading Chicago daily paper and at a lower price.

The Encyclopedia Britannica is on exhibition in Frank Stanton's store, and they will be glad to show it to any one. If you cannot come in person, write them, and they will be glad to send you by mail full particulars about the work and the great offer of the above extraordinary firm.

They have only a limited number of sets, however, and if interested, you should investigate at once.

### ASTORIA.

Signature of *Charles H. Stanton*

### McMECHEN NOTES.

Daily Items of Interest About People and Events.

Dr. and Mrs. M. A. Dowler are at Baltimore, Md., attending a meeting of the Baltimore & Ohio surgeons. They will spend a few days at Washington before returning home.

Mr. and Mrs. Thomas Noble and daughter, Eva, are at Cleveland, Ohio, attending a reunion of the Pennsylvania railroad employees.

Miss Cora Grandstaff and Miss Emma Marple have returned from Sherrard, where they have been visiting friends.

Miss Jennie McCuskey has returned from Cameron, where she has been the guest of friends the past two months.

Mrs. John Lemley has arrived home from Grafton, where she was the guest of friends for the past few days.

The King's Daughters will meet with Mrs. William Jones, on Washington avenue, to-day at 2 o'clock.

Miss Alma Taylor, of Moundsville, is the guest of Mrs. W. N. White, of Lincoln avenue.

Charles Sturm has returned from Glover's Gap, where he was visiting his parents.

Mrs. Thomas Manion, of Wheeling, is visiting her parents, Mr. and Mrs. J. M. Garner.

Mrs. Lucinda McMechen, of Moundsville, was the guest of friends here yesterday.

List McMechen is at Morgantown, attending the state university commencement.

George Wetzel, of Roseville, O., was a business caller in town yesterday.

Jessie Crago, of Moundsville, was a business caller in town yesterday.

Ex-Mayor F. M. Reynolds spent two days this week at Sherrard.

### WELLSBURG.

Doings of People in the Brooke County Metropolis.

A "hung jury" was the result of the Fair will case, tried in the circuit court this week. Judge Hervey discharged the jury yesterday at noon on the strength of their claim that there was no possibility of an agreement. The jury on going out Tuesday evening is said to have stood 10 to 1 in favor of sustaining the will, but yesterday morning it is understood they stood 8 to 2, there being but eleven men on the jury. The estate involved is worth about \$1,800, it being given by the will outright to Mrs. Robert Wheeler, to the exclusion of Mrs. Fair's relatives. Prosecuting Attorney Cotton and L. C. Wright were counsel for the contestants and Judge Melvin, of Wheeling, and Thomas Lloyd, of the opponents of the will. The contestants express their intention to try again.

Most of the wool in Brooke county has already been sold, which is rather unusual for this time of the year. Some farmers have disposed of two or three clips. J. S. Liggett and Jasper Potts purchased the bulk of it at twenty-five cents.

Miss Marla T. Rodgers, sister of the well known merchants, W. H. and J. M. Rodgers, died Monday, at her home, in Brilliant. The funeral occurred yesterday afternoon, interment being in Brooke cemetery.

Frank Osaka, the Japanese student graduated from Bethany College last week, will lecture in the Christian church here to-night.

Rev. C. H. McDonald, of the Presbyterian church, will preach a sermon to the local Masonic lodge on Sunday.

This week will wind up the present term of the circuit court. County court meets on Monday, the 26th.

Louis Walters, the stenographer, was engaged in court a couple of days this week.

### BELLAIRE HAPPENINGS.

Matters of Interest in the Metropolis of Belmont County.

Stephen Subiz, a Slav, employed at the blast furnace, met with quite a painful accident yesterday evening. While at work tapping iron from the furnace came out with such force as to strike Subiz in the chest, and a great amount of the hot iron struck him in the face, a large piece lodging in his right eye, and before it could be gotten out the organ was burned out. His face was also badly burnt. He will be taken to the Wheeling hospital for treatment.

Former superintendent of the schools, Prof. H. G. Williams, now located in Marietta, passed down Tuesday morning on the steamer Keystone State, making the round trip on that steamer. Prof. Williams has been seriously ill for several weeks, and is just able to be about.

The Lorain Land Improvement Company, composed of men of this city, held a meeting last evening, and decided to start a boom at Lorain, Ohio. They own considerable ground at the latter place, and want to realize something from the investment.

James Spedel, mail clerk on the C. & P. road between this city and Wellsburg, is off duty for several days. Mr. Spedel will be married this week to Miss Alice Lewis, a prominent young lady of Wellsburg.

The chemical company have all arrangements completed for their moonlight excursion to Steubenville next Saturday night on the steamer Eliza. The J. O. U. A. M. band will furnish the music.

John Eckman and family have left for Sharrsburg, Pa., to spend the summer. Mr. Eckman has been working in the bottle works here, but his health is very poor.

The new store room to be occupied by Charles Bippis is nearing completion, and will be ready for occupancy by the first of next month.

The American Mechanics Band has received the contract to furnish music at Mountain Lake Park during the month of August.

Mrs. P. H. Thornton has gone to Youngstown to visit her parents, after which she will spend the summer around the lakes.

Quite a number from this city attended the funeral of Captain Sanford, in St. Clairsville, yesterday afternoon. Miss Stella Wagner arrived in the city last evening from Pittsburgh, to spend a few weeks with friends here.

Mrs. R. H. Pitton and son Clark left yesterday morning for Ironton, to spend a month with her parents.

John Hopkins, who moved to Mingo Junction about two months ago, was calling on friends yesterday.

Joe Kelly left yesterday morning for New Concord, Ohio, to spend a few days with friends.

The Bellaire Park will be opened to-night, and music will be furnished by a full orchestra.

Miss Ella Platt, of Montgomery, Ohio, is the guest of friends and relatives in the Second ward.

Miss Mabel Leichtenberger is the guest of friends and relatives at New Lisbon, Ohio.

Miss Mabel Johnston, of New Matamoras, is the guest of relatives in the Fourth ward.

Frank Williams went to Columbus yesterday afternoon on a business trip.

## DON'T DESPAIR!

An American Scientist's Great Work.

Consumption, Pneumonia, La Grippe, Asthma, Catarrh, Bronchitis and All Lung and Bronchial Troubles Can be Positively and Permanently Cured.

Dr. Slocum's System of Treatment Has Revolutionized Old-Time Theories.

A Free Course of Treatment for All Sufferers for the Mere Asking.

SCENE IN THE SLOCUM LABORATORIES, NEW YORK CITY. The Doctor Demonstrating to Medical Men, Scientists, Statesmen and Students the Value of the New Slocum System of Treatment for the Permanent Cure of Lung Consumption, Catarrh and All Pulmonary and Wasting Diseases.

Do you cough?  
Do your lungs pain you?  
Is your throat sore and inflamed?  
Do you spit up phlegm?  
Does your head ache?  
Is your appetite bad?  
Are your lungs delicate?  
Are you losing flesh?  
Are you pale and thin?  
Do you lack stamina?  
These symptoms are proof that you have in your body the seeds of the most dangerous malady that has ever devastated the earth—consumption.

Consumption, the bane of those who have been brought up in the old-fashioned beliefs that this disease was hereditary, that it was fatal, that none could recover who were once firmly clasped in its relentless grip.

But now known to be curable, made so by the world-stirring discoveries of that man whose name has been given to this new system of treatment.

Now known to be preventable and curable by following and practicing his hygienic teachings.

The new system of treatment will cure you of consumption and of all diseases which can be traced back to weak lungs as a foundation.

It is not a drug system, but a system of germ destruction and body building.

Not guesswork, but science.

Not a step backward, but a stride out of the old rut.

Made possible only by Pasteur's, Virchow's, Metchnikoff's and Slocum's latest discoveries in bacteriology, hygiene and therapeutics.

In plain English, a system of modern scientific disease curing.

The System consists of Four Preparations which act simultaneously and supplement each other's curative action.

You are invited to test what this system will do for you, if you are sick, by writing for a free treatment to the Slocum Laboratories, New York City.

WRITE TO THE DOCTOR.

Send your name and full express and postoffice address to the Slocum Laboratories, 68 Pine street, New York, and mention this paper, and the Four Free Preparations of medicine will be forwarded you.

The system is a positive cure for consumption, that most insidious disease, and for all lung troubles and disorders complicated by loss of flesh, Coughs, Catarrh, Asthma, Bronchitis, etc.

Thin, pale, weak people become fat and hearty by its use.

The test is to try it.
